Come be a part of a caring community experience as we learn about the Shelter and Jewish responses to homelessness during Rabbi Zelony's sermon. Our Machaneh Shai (middle school) students have created a **special children's program** about the Shelter that will begin at 10:30 a.m.

After services, a tour of SI Shelter will be available, as well as volunteer opportunities to help the Shelter.

The Shearith Israel Shelter has provided temporary housing for almost 1,000 homeless women in transition since 1983. It operates 7 days a week from November to March, and its door is open to women of all races, religions, and backgrounds.

The Shelter services include: room & board, case management referrals, computer access, transportation assistance, weekly empowerment sessions, resource coordination, & resettlement assistance.
